

# Monthly Transaction Volume Summary

From FY2017, PARCO has adopted the International Financial Reporting Standards (IFRS). In accordance with the IFRS, PARCO will report its tenant transaction volume (year-on-year) as part of its monthly transaction volume summary. "Tenant transaction volume" is the total value of the tenant transaction volumes of PARCO stores. Previous year values are calculated using the same standards.

The company publishes a quick estimation of "Tenant transaction volume" for the previous month around the second of each month and final figures around the fifteenth of each month.
